

Xtone Networks Privacy Policy

Last updated 10/15/10

This document contains the privacy policy for VoiceFeed (the "Service"), a service of Xtone Networks ("Xtone" or "we").

Xtone never stores or keeps personally identifiable information on any VoiceFeed user and never shares any VoiceFeed user information outside of Xtone for any reason. We do collect information to improve the service as described below.

Information Collection and Use

When you use the Service, we transmit Facebook News Feed content to our servers so that we can generate and play audio (text-to-speech) based on certain text in the Facebook News Feed content. We do not link this content with any information specific to your identity. We also collect and store a copy of the navigation voice commands you make to the Service, so we can audit, evaluate, and improve the voice recognition capabilities of the Service. These navigation voice commands include "Play Next Feed", "Play Previous Feed", "Play Comments", "Play Next Comment", "Play Previous Comment", and "Play Help". We do not link the stored copy of your navigation voice commands with any information specific to your identity.

When you use the Service, our servers will automatically record information that your iPhone sends or transmits, including, but not limited to, your phone's device ID number, user settings, and information about your use of the Service ("Personal Information"). We store, track and monitor your usage in order to improve the Service and develop new products.

If you choose to upload to Facebook any personally identifiable information, you acknowledge and agree that Xtone merely makes this information available upon your request to Facebook and is not responsible for the correctness of such information and any use of such information by third parties, including Facebook.

Information Sharing and Disclosure

We may employ third party companies and individuals to facilitate the Service, to provide the Service on our behalf, or to assist us in analyzing how our Service is used. These third parties may have access to your Personal Information only for purposes of performing these tasks on our behalf.

Changes to this privacy policy

We may occasionally update this privacy policy from time to time. When changes are made, the revised policy will be made available on our web site at www.Xtone.com/privacy.pdf. We encourage you to review our policy periodically in order to keep informed about how we use and protect your information.

Questions or concerns regarding this privacy policy

If you have questions, comments, or other feedback on our privacy policy, please [contact us](#).
